**Petition to Revive Abandoned U.S. Patent Application  
Under 37 C.F.R. §1.137(b)**

The above-referenced U.S. Patent Application, filed on February 26, 2001, became abandoned for failure to timely respond to the United States Patent and Trademark Office Action dated February 28, 2002.

Applicant hereby petitions for revival of the Application and acceptance of the enclosed late Response, in view of the fact that failure to timely respond to the Office Action was unintentional.

The Commissioner is herein authorized to deduct the \$1,280.00 Fee, as well as any other amounts required to have this petition properly considered, from Deposit Account 04-0500. A copy of this Petition is attached as well for such purpose. Since this utility application was filed after June 8, 1995, no terminal disclaimer is required. The entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional and without deceptive intent.

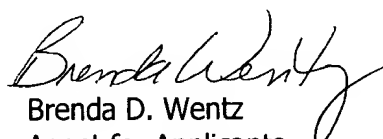

Favorable consideration of this Petition to revive U.S. Patent Application Serial No. 09/224,980 is hereby earnestly requested. If any additional information relating to this matter is required, please contact the undersigned at the phone number listed below.
